CRITICAL LEGAL STUDIES WORKSHOP

The next meeting of the group will be on Thursday, January 6, 1983 from 4:00 to 6:00 p.m. We will continue the discussion of the article by Ira Nerken, at 12 Harv. Civ. R.-Civ.L. L. Rev. 297 (1977). We will also discuss a brief manuscript by Duncan Kennedy entitled "The Stages of the Decline of the Public/Private Distinction" (xerox copies on reserve in library). Room to be announced.

If there are 2nd and 3rd year students who would join the group but for a conflict between their class schedules and our Thursday afternoon meeting time, could they please communicate with us before the January 6th meeting? Drop me a note with alternative times when you would be able to meet. While it is extremely hard to find a time slot when we are all free, if there is sufficient interest among in-coming students we will try to find another time.

Attention: Third Year Students Taking the Mass. Bar Exam

The Massachusetts Supreme Judicial Court has modified its requirement regarding when the Multistate Professional Responsibility Exam (MPRE) must be taken. Their rule now reads:

- 3.6 To be eligible to be admitted to the bar, each applicant shall have passed the Multistate Professional Responsibility Exam within two years of passing the law examination. The dates on passing the examination shall refer to the dates on which the examinations were administered. Subsection 3.6 shall become effective January 1, 1983 and shall apply to law examinations after that date.

THANK YOU! THANK YOU! THANK YOU! THANK YOU!

I would like to extend my personal thanks to the Law School Community for their marvelous effort during the Holiday Toy Drive. Last year I was only able to collect five items - this year we all pitched and were able to fill five large bags and two boxes! Your generosity was overwhelming and because of you those children who would have gone without will be able to experience the kind of Christmas they should have! Happy Holidays to all of you and thanks again!

SUMMER INTERN PROGRAMS

The Asian American Legal Defense and Education Fund Summer Internship Program is designed to provide students with practical experience working in a community law office and to encourage them to return to the community after graduation. Interns will do legal research and community outreach work and will participate in seminars on the legal problems of Asian American communities and substantive areas of law. Five students will be selected to participate in the 1983 Summer Internship Program. See Chinn for additional information. Mailing deadline will be 1/21/83.

The Puerto Rican Legal Defense and Educational Fund, Inc., is currently inviting applications for its annual Summer Legal Intern Program. The program is designed to provide law students with an opportunity to become involved in the Fund's civil rights litigation. Students will participate in researching and writing legal briefs and memoranda, discussion of case strategy and pre-trial investigation and disclosure. The practical experience each intern will have will be supplemented with seminars on different substantive and procedural civil rights issues as well as clinical sessions to develop their general advocacy skills. There will be four internship positions paying approximately \$250/week. See Chinn for additional information. Mailing deadline will be 1/21/83.

NU GUILD MEETING - NOTES FROM THE 12/16 MEETING

The Guild is continuing work on minority recruitment admissions, and financial assistance. A questionnaire, to be distributed to the entire student body, is in the final stages of revision and should be ready in January. Information from this survey, combined with other research, will help us derive some (hopefully) more effective methods of attracting minority students to NULS. Other items discussed included: Guild support for the Greensboro Justice Fund civil suit against the Justice Department, etl al., for a KKK massacre in NC; upcoming talk by Roger Wilkins on January 20; co-ops with Department of Defense.

*NEXT MEETING: Thursday, Jan. 6, 1 p.m., Room 87.

FINANCIAL AID

We all know that there isn't enough financial aid to help everyone; we all know that many students, who would be an asset to the law school community, must choose to go elsewhere because Northeastern does not provide enough scholarship aid. What none of us knows, however, is how much aid there is, how it is allocated, how much people are lacking, and whether or not it is possible to find other sources of money to make up the gap between what is presently available and what is needed.

The Lawyer's Guild at Northeastern is attempting to find out some of this information, but we need your help. The week of January 10, 1983, we are going to pass out a questionnaire asking how much and what type of aid you receive, and how much you feel you need. The questionnaires will be anonymous. While we realize that some of the information requested is of a very personal nature we ask that you answer as much as you feel you comfortably can.

The only purposes of this questionnaire are to gather concrete data regarding the amount of aid people feel they are lacking and the hardship this lack causes.

We will repeat this notice during the week of January 3, 1983.

HAVE A GOOD VACATION.
