

GO BANANAS with these exotic
Caribbean fruits!

lights bulbous with
dusty grey globes
have their own hum to

answer the insistent
night songs of
secret crickets hiding

from the ample white rattan
curving stiffly beneath
flamingoes and turquoise leaves
posing on the sides and fronts
of chubby cushions
that allow a summer dress
airy and self-conscious
the ideal flirtation.

WISH U WERE HERE. I'll be home
before this postcard.
